MY PROFILE

Driven by a passion for seamless engineering experiences, I'm a Platform Engineer with over a decade of experience crafting high-quality solutions that don't just work—they empower. With a DevEx-first mindset, I thrive on boosting productivity through smart automation, practical innovation, and a deep curiosity for emerging technologies like Generative AI.

EXPERIENCE

■ PLATFORM ENGINEER & DEVEX SPECIALIST | @VANDEBRON (2025 - Present)

Designed and delivered an organization-wide, Backstage-powered self-service platform that elevates Developer Experience by enabling standardized golden paths, seamless onboarding, autonomous team workflows and centralized documentation portal.

■ PLATFORM ENGINEERING CONSULTANT | @Xebia (2023 - 2025)

As a consultant, I advised clients on scalable infrastructure solutions, optimized software delivery through automation and best practices, ensured security compliance, and collaborated with cross-functional teams to enhance efficiency, reliability, and innovation.

SOLUTION ARCHITECT / PO (CONSULTANCY) | @Tennet (2025 - 2025)

Led the Internal Developer Portal to boost DevEx with automation and golden paths.

PLATFORM ENGINEER (CONSULTANCY) | @Switch (2023 - 2024)

Led Shift-Left adoption, built an internal monitoring platform, and streamlined DX workflows.

■ SENIOR CLOUD ENGINEER | @Attraqt (2022 - 2023)

■ SENIOR DEVOPS ENGINEER | @Revinate (2019 - 2022)

■ PLATFORM ENGINEER | @WeTransfer (2018 - 2019)

■ SYSTEM ENGINEER | @Bonial (2016 - 2018)

■ TECHNICAL SALES ENGINEER | @Trademob (2013 - 2015)

EDUCATION

BSc. MULTIMEDIA COMPUTING | @Aston University
(2011-2015)

BSc. COMPUTER ENGINEERING | @VGTU (2011-2015)
Vilnius Gediminas Technical University, Vilnius, LT
